TRANSCRIPT

REMOTE VIEWING (RV) SESSION DCC-27

TIME

#14: This will be a remote viewing session for 16 April 1981.  
Mission time is 0900 hours.

PAUSE SG1A

SG1A All right #08 the time is now 0900 hours. Your mission for today is to focus on [REDACTED] I want you to focus, concentrate and focus on [REDACTED] I want you to locate SG1A [REDACTED] and briefly describe his present surroundings.

PAUSE

+04 #08: He's a....he's wearing a long, gray overcoat. There is no snow, but it's very cold weather. He's ah, in a city area. There's a distinct impression it's....not where he lives.

PAUSE

#14: All right. I want you now to focus, focus very intently and SG1A concentrate on [REDACTED] Tell me more about his personality. Describe his personality.

#08: I got to tell you something else.

#14: Okay.

PAUSE

#08: I get the distinct impression that ah.....a man out of town attending a meeting..... It's the, ah...adult and he's up to the part to last (phonetic)...after the three days are ah...five or seven day meeting Okay go ahead #14.

#14: All right. I want you to once again to concentrate and SG1A focus on [REDACTED] personality. Describe once again this man's personality to me.

PAUSE

#08: That hasn't really changed.

#14: Is there anything else that you can add about his personality?

+10 #08: He, ah.....I'll give you the impressions as they come. I don't know. Okay. He's....I guess what.....you would describe psychologically as the nervous character and somewhat introvert, hard working functioning, extremely reliable, honest individual who.....whose opinions are.....normally respected and highly regarded 'cause they're deeply thought out, and arrived at logically and unemotionally. He's got a distinct.....and strong regard for, for friend or money .....and he's .....a very hard worker.....and a type of objective thinker that a high function area loves to have around. He's the worker, the researcher, the.....ponderer, if you wish. I think what you're looking for.....has to do with loyalty; well.....he is extremely loyal to his country and to his people, not necessarily the Soviet Union. But one is correlated with the other.....'be a tough nut to .....crack if you're looking for a weakness in him.....

PAUSE

+15 #08: I'm.....talking about a very content man. It would take.....yeah! It would take something that would threaten his.....country, his security, his personal wealth.

#14: Tell me.....do you think [REDACTED] could be contacted for a possible approach by US Intelligence? SG1A

PAUSE

#08: He's only vulnerable.....only under one circumstances .....and that is if, if his family and his country and his loyalty would be disturbed by the....by the Soviets. Other than that, you don't have a prayer.

PAUSE

#08: In fact, you'd probably have something like that..... something embarrassing ..... He doesn't make.....he doesn't make the.....

#14: What are you saying?

#08: .....cocktail circle of this type of stuff (mumble) would be what makes that approach.....I think, again, given the chance ah.....do have this.....his country or his well-being, his family or his loyalty would be disturbed by the.....the Soviet act against anyone of those values..... Go ahead.

#14: I understand, what you're saying then is that it would be very difficult to contact this man because of his patriotism and nationalism..... Is what you're saying is the only way to approach and contact this man is through his nationalistic views and pride?

~~SECRET~~

~~SECRET~~

#08: Oh, yeah! It's his entire life.....family, country, loyalty..... The Soviets...is tolerated because it is, and he doesn't even think it's that bad. But, should it disturb those other values, then you've got a handle, otherwise, you don't. I guess.....

#14: Focus again, concentrate once again on [REDACTED] ..... SG1A

#08: Go ahead.

#14: .....and.....and look at him very carefully. Is there.... is there any concern that he has or is there anyway that his national, patriotic years could be upset?

#08: Only if there's an open act.....of aggression by the Soviets; otherwise forget it.

#14: I see. Okay #08. I have no further questions at this time. Is there anything else you would like to add?

#08: Let me take about three, and see what comes up.

#14: Okay.

PAUSE

#08: I have nothing further.

#14: SG1A Okay. All right #08, the mission for today was specifically to focus on [REDACTED] personality, which we've done in the past. I suppose they wanted to know if there was anything else we could add to determine if this individual could be contacted for possible approach by U.S. Intelligence. I believe that this is something that came up in one of your previous sessions.

#08: I don't know if it came up in particularly that light, but if I were to draw a psychological block and look for a handle which is what we're looking for really, you have the box of family in tact, the box of loyalty and job in tact, and loyalty to the country in tact. Ah....this man is completely content. You don't have a handle. He's not approachable under those conditions; however, the only, you know, you don't need a viewer to tell you that.....if throughout outside, through an outside act he would interpret a Soviet thrust against his country which would threaten those three values, his family, his loyalty and the other value.....

#14: His country.

#08: .....and his country. Then you have something, and the obvious thing, really, is to establish, which would be quite difficult because I don't think he makes the cocktail circle. You won't have the State Department type of circus. I'm sure you can

~~SECRET~~

#08: ...find a way to plant a seed, and that is that just a sort of a point of contact let him know that you exist, that a person exists so that if any of these three boxes are shattered in the future you've already given him a way to come back to you. Because this, this man would go haywire if any of those three boxes shattered. Uh...he would go bananas because you have ruined his entire life. That's the only way I can think of to get to him, and probably be quite long-range.

I'll tell you what. If you do get him, he'd be very, very worthwhile because he's a very serious individual who works out of conviction. He can work for you as hard, and as meaningfully as he does for his own government right now.

#14: Very interesting.

#08: Yeah. He is. I don't have anything else unless you want to pursue the thing.

#14: Okay. End of session.
